

## LETTER OF RECOMMENDATION

**Undergraduate Research in Biotechnology and Bioengineering at the Keck Graduate Institute**  
Application Deadline: April 30, 2010 (rolling admission) Program Dates: June 7 – August 13, 2010

Name of Applicant: \_\_\_\_\_  
First Last Date: \_\_\_\_\_

Your Name: \_\_\_\_\_ Position/Title: \_\_\_\_\_

Institution: \_\_\_\_\_

### TO THE PERSON WRITING THE RECOMMENDATION:

The applicant is being considered for participation in an undergraduate research program at the Keck Graduate Institute, which will provide an opportunity for interdisciplinary research in the areas of bioengineering, bioinformatics, applied molecular and cellular biology, as well as exposure to related ethics and business topics. We are looking for motivated, high achieving students from a variety of backgrounds (engineering, computer sciences, biology, chemistry, mathematics, physics), who have shown interest in interdisciplinary research and the ability to interact effectively in a team environment. Women and members from underrepresented minorities are especially encouraged to apply. Please comment on the student's intellectual ability, accomplishments in undergraduate coursework and/or independent research, ability to function in a team environment, maturity of mind and character.

**How long have you known the student?**

**How well do you know the student?**

**In what function have you interacted with the student?** \_\_\_\_\_

**RECOMMENDATION:** (Please attach an additional sheet if necessary)
