MEDICAL CARE AUTHORIZATION

I, the undersigned, hereby specifically authorize the Claremont University Consortium Student Health Services health care provider or whomever he or she may designate to administer any x-ray examination, anesthetic, medical or surgical diagnosis or treatment, in serious or major illnesses or injuries without prior notification of the undersigned or any other person and without obtaining consent of the undersigned or any other person, if in the judgment of the physician or designee it is necessary for health care reasons to proceed with the treatment without delay. I further agree that the attending health care provider or whomever he or she may designate may evaluate and treat all other injuries or illnesses for which help is sought. In the case of a minor student, (under the age of 18), this treatment may proceed without prior notification of the undersigned parent or guardian. I further agree that the Student Health Services may release any medical information to other campus health care providers at Monsour Counseling and Psychological Services who may be providing care.

SIGNATURE OF STUDENT: All students must sign. If under 18 years of age, Parental Signature is also required.

STUDENT ______________________________ DATE ____________

PARENT ______________________________ DATE ____________

NOTE: A release of information must be signed and dated and on file for students 18 and older before any patient records and/or, billing information may be released/discussed with a student, parent, guardian, spouse, or healthcare provider. A form is available for download and at Student Health Services.

Patient Name ______________________________

PART II: PERSONAL HEALTH HISTORY: TO BE COMPLETED BY STUDENT

Have you ever been diagnosed with any of the following?

YES

- ❑ Acne, severe
- ❑ Alcohol/Drug addiction
- ❑ Allergies of any kind
- ❑ Anemia
- ❑ Anxiety or panic attacks
- ❑ Arthritis
- ❑ Asthma, including exercise induced
- ❑ Attention deficit disorder/ADHD
- ❑ Back pain, chronic
- ❑ Bipolar disorder
- ❑ Blood clotting disorder
- ❑ Cancer
- ❑ Chickenpox
- ❑ Crohn's Disease/Ulcerative colitis
- ❑ Depression
- ❑ Diabetes
- ❑ Ear, nose, or throat disorders
- ❑ Eating disorder
- ❑ Epilepsy/Seizures
- ❑ Fainting/Blackouts
- ❑ Genital herpes

YES

- ❑ Genital warts (HPV)
- ❑ Headaches, frequent, severe
- ❑ Head injury
- ❑ Hearing difficulty
- ❑ Heart disease
- ❑ Heart murmur/Arrhythmia
- ❑ Hepatitis
- ❑ High blood pressure
- ❑ Immune system problem
- ❑ Kidney disease
- ❑ Leukemia
- ❑ Loss of a paired organ (eye, kidney, testicle)
- ❑ Meningitis/Encephalitis
- ❑ Menstrual problems
- ❑ Mononucleosis
- ❑ Ovarian cyst
- ❑ Pneumonia
- ❑ Positive tuberculin skin test
- ❑ Psychiatric treatment
- ❑ Sickle cell trait/disease

YES

- ❑ Self Injury
- ❑ Thyroid condition
- ❑ Urinary tract infection (recurrent)
- ❑ Other ______________________________
  ____

Do you have a family history of any of the following conditions? (parents, grandparents, or siblings)

- ❑ Blood clotting disorder
- ❑ Cancer
- ❑ Diabetes
- ❑ Heart disease
- ❑ High blood pressure
- ❑ Kidney disease
- ❑ Mental illness
- ❑ Migraine
- ❑ Rheumatoid arthritis
- ❑ Sudden death
- ❑ Thyroid disease
- ❑ Other_________________________
  ____

If you answered "YES" to any of the conditions listed above, please explain in the space below. Give the date and outcome of all conditions above or any other conditions or medical history not listed. You may attach additional sheets and old medical records if necessary.

____

____

____

List all other surgical procedures, except fractures, with dates ______________________________

____

List all medical/psychiatric hospitalizations, with dates ______________________________

____

List all significant injuries and illnesses, with dates ______________________________

____

List any medications taken regularly ______________________________

____

List Allergy/Medication Reaction History ______________________________

____

Patient Name ____________________

PART III: MEDICAL INSURANCE

It is required that all students be covered by medical insurance to provide supplemental coverage for medical costs in the event of a severe illness, injury, or accident. Claremont College requires each student to submit proof of coverage prior to registration. **The Claremont University Consortium Student Health Services does not do any medical insurance billing.** However, information about a student's medical coverage can expedite the process of community subspecialty referrals if necessary as well as an insurance identification card carried by the student. Please provide current medical insurance information below:

Name of Insurance Carrier ____________________

Policy Number(s) ____________________ Phone Number for Reporting Claims ____________________

Patient Name ______________________

Part IV: PHYSICAL EXAMINATION: TO BE COMPLETED BY A HEALTH CARE PROVIDER ONLY
Form completed by family member/relative will not be accepted.

TO THE HEALTH CARE PROVIDER: Please review the health history provided by the student and add or complete anything of significance. After a complete physical examination, we would appreciate your evaluation of the student's physical status, both for the student and as a basis for his/her continuing medical care.

Height ____________ Weight ______________ Pulse ______________ Blood Pressure _______________

Vision: (Uncorrected) R 20/_____ L 20/_____ (Corrected) R 20/_____ L 20/_____

List any allergies to medications or foods ______________________________

PHYSICAL EXAM	NORMAL	ABNORMAL	EXPLANATION OF ABNORMAL FINDINGS
Head/EENT			
Neck/Lymph/Thyroid			
Cardiovascular			
Respiratory			
Breast exam			
Abdomen			
Hernia/Testicles			
Musculo-skeletal			
Neurologic			
Skin			

A. TUBERCULOSIS SCREENING (Required)

1. Does the student have a history of a positive tuberculin skin test (PPD) in the past? ☐ **Yes** ☐ **No**
   If no, proceed to #2.
   If yes, include date of positive PPD, mm induration, date and results of most recent chest x-ray and documentation of any treatment received for latent tuberculosis. **Skin test should not be repeated.** Proceed to #2.
2. Does the student have signs or symptoms of active tuberculosis disease? ☐ **Yes** ☐ **No**
   If no, proceed to #3.
   If yes, proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skin testing, chest x-ray and sputum evaluation as indicated.
3. Is the student a member of a high-risk group? ☐ **Yes** ☐ **No**

Categories of high-risk students include those students who were born in or resided in countries where TB is endemic. It is easier to identify countries of low rather than high TB prevalence. Therefore students should undergo TB screening if they were born in or resided in countries EXCEPT those on the following list: Canada, Jamaica, Saint Kitts and Nevis, Saint Lucia, USA, Virgin Islands (USA), Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Netherlands, Norway, San Marino, Sweden, Switzerland, United Kingdom, American Samoa, Australia, or New Zealand. Other categories of high-risk students include those with HIV infection, who inject drugs, who have resided in, or worked in high-risk congregate settings such as prisons, nursing homes, hospitals, residential facilities for patients with AIDS, or homeless shelters; and those who have clinical conditions such as diabetes, chronic renal failure, leukemias or lymphomas, low body weight, gastrectomy and jejunoileal by-pass, chronic malabsorption syndromes, prolonged corticosteroid therapy (e.g. prednisone ≥ 1 month) or other immunosuppressive disorders.

If no, stop. Proceed to Section B.

If yes, place tuberculin skin test [Mantoux only: Inject 0.1 ml of purified protein derivative (PPD) tuberculin containing 5 tuberculin units (TU) intradermally into the volar (inner) surface of the forearm]. A history of BCG vaccination should not preclude testing of a member of a high-risk group.

Tuberculin Skin Test: (Must be performed within 6 months of arrival on campus)

Date Placed: _________________ Date Read: _________________

Result: _______________ (Record actual mm of induration, transverse diameter; if no induration, write "0".

Interpretation (Based on mm induration as well as risk factors.): ☐ Positive ☐ Negative

Or Interferon Gamma Release Assay (IGRA): Date Obtained:_______________ (Specify Method) ☐QFT-G ☐QFT-GIT ☐Other _____________
Result: ☐ Positive ☐ Negative ☐ Intermediate

4. Chest x-ray result (Required only if tuberculin skin test in #3 or IGRA is positive): Date of CXR: ___________________
   ☐ Normal ☐ Abnormal
