Congratulations on your acceptance to KGI! We are so excited that you will be joining us in the fall. As orientation approaches, we would like to take this opportunity to inform you of upcoming updates in the Canvas Student Portal. A new tab will soon be added to your student portal titled, “Academic Prologue 2022” which is a selection of resources aimed at setting you up for success in the fall. This tab will allow you to complete the summer academic overview. The Academic Prologue follows the new student orientation and is required for advancement to the first day of instruction.

The Academic Prologue is part of the orientation and will take place in August. The exact dates will vary by program, so please check the schedule here for your program: https://www.kgi.edu/student-life/events/orientation/. The Academic Prologue is an opportunity to get to know your faculty and colleagues, register for courses, participate in program and career development workshops, and gain a deeper understanding of the expectations and types of activities you will be completing in your program.

If you have trouble accessing Canvas or have not been able to set up your student email account please contact helpdesk@kgi.edu.

We hope you are having a terrific summer and look forward to having you on campus for orientation and academic prologue!

School of Pharmacy & Health Sciences
Srikanth Kolluru, Interim Dean and Professor
Gail Orum, Associate Dean of Academic Affairs and Professor

The Riggs School of Applied Life Sciences
Megan Prosser, Dean
Jane Rosenthal, Associate Dean
